KEY FEATURES

New **ECO-POWR™** motor uses up to 32% less energy than traditional treadmill motors, saving facility owners thousands of dollars on energy bills annually

15.4" entertainment-ready LCD display with multi-source inputs and optional iPod® connectivity

MyFlex™ deck cushioning system delivers 30% more proportional cushioning regardless of user weight

Four-way reversible deck

Large 22" x 62" belt provides ample running space and is constructed from carbon-weave, low friction material that is resistant to static buildup

LIFETIME WARRANTY on motor, frame and cushioning system

The T680e features a state-of-the-art 15.4" LCD display that can feature full screen workout data, full screen entertainment or split screen entertainment/data. Multi-source inputs allow for an array of entertainment options. Optional iPod® connectivity.
